Deployed links

Android app - Since it is an android app we are unable to deploy it.

Backend endpoint for APIs- <https://bb-api.ddns.net>

Admin portal - <https://beyondbottles.vercel.app/>

Summarize the product issues based on the feedback from your partner teams or your colleagues.

Void: requests that have no value to the product

Bug: issue must be fixed(These issues have been fixed)

- Back button in post not working - Self
- Back button in create post not working- Gitinsight
- Adding upvote and comments - Prof.

Enhancement:

- **Short-term** (implementable in this semester)
 - Inappropriate posts - Came up with adding a moderator (eg: admin) who can edit/delete the comments - Prof.
 - Make some value to the discussion - Came up with the feature of upvote in the discussion - Prof.
- **Long-term** (not implementable in this semester)
 - Updating the admin portal UI

Describe any valuable enhancements of your product that cannot be implemented this semester.

- Admin portal with more features
Benefit - The admin will have more control over the content in the app and will be able to remove unhelpful or incorrect information.
- Option to directly connect users to de addiction counselors through direct message.
Benefit - The users will be able to seek help from professionals directly from the app. And seek 1:1 care.
